We wish this short article has inspired you to discover He Motions Even Strong Men Struggle, get in touch with fellow viewers, and write your very own testimonials. Delighted reading!

REVIEW OF HE MOTIONS EVEN STRONG MEN STRUGGLE

- What I have to say is complex, yet simple. I was a bedwetter who had tried everything, my parents tried the best they could to help. I wet the bed until I was sixteen years old. I was unable to do sleepovers like other children. At sixteen and deeply emotionally scarred I stopped wetting and was still hurting from the years of embarrassment. At the age of 20 I was volunteering in a library and shelved this book. I read it at that time and I was somehow healed of my wounds. I have searched for it since in every book store and now I have found it, thank God for Amazon.com. I cannot wait for the opportunity to share this treasure with my children.

- (This was based off of the audio version.)While this book has received mix reviews, I thought it was a pretty interesting story. Although it is far from a true history of the era or culture, and read a bit more like a historical romance, I enjoyed the escape factor. Since I tend to be an easily distracted reader and listener, the two stories (past and future) were fine for me. In fact, I appreciated being jerked back into the present from time to time, to be reminded that this is a diary we're being privileged to look into, and not a history book! Some of the encounters between Amy and Richard/The Purple Gentian were a bit far-fetched, and steamy at times, which wouldn't be exactly accurate. However, in keeping with the idea that this is a diary, and about a supposed female SPY, I figured it was meant to delve into the non-standard for the time. Spies don't necessarily live by every strict code of the culture they live in, right?While the book had me confused in a few places, and not following the how, where, and why of the espionage, I still was entertained and enjoyed the story. The book does contain two pretty surprising sex scenes that honestly had me reaching for the volume on my radio to turn it down for fear someone would hear! I know. I sound silly, but they took me a bit by surprise. On the whole, I would say that the novel was a fun romp through history, but in a very fictitious way. I enjoyed the story, but wouldn't turn to it for any sense of true history or the culture of that time period.
