REVIEW OF GDE DISTRICT D9 PAPER 1 JUNE 2009 MEMORANDUM

• After reading these last few negative reviews i had to write in about this, one of the most amazing books i have ever read. It is true that this book could be thought of as for the well read and serious academics only, but really, it is a book for anyone wishing to challenge the true nature of photography and its effect on the individual and society as a whole. No, it is not for those who simply wish to sit and idly consume 'pictures;' if this is you then do not bother even picking up this book. This book attempts to help us navigate the way we consume images, to make it easier to understand just what it is that draws us to them so much, and which for me it did beautifully. Barthes doesn't try to give all the answers, but rather approaches his explanation in a very poetic (not long winded as another reviewer said!) and personal language which gives an intimacy that is very rare in academic texts. If you truly want to open your eyes to the wider implications of photography then this book is a must (along with Susan Sontag's On Photography)

• I found this first book of Ronald Damien Malfi, THE SPACE BETWEEN, a delightful start to the new millennium. An avid reader of modern science fiction, I dare to name one book that compares. The early hot sellers, Orson Scott Card's ENDER'S SHADOW and Harry Turtledove's COLONIZATION AFTERSHOCKS, fall short of the classic standards that were set by Sagan and Verne. THE [SPACE] BETWEEN raises the bar for all new authors and redefines reader's expectations. Ronald Damien Malfi is the brightest new star in the science fiction galaxy.
