The events of 11 September 2001 changed the world, and in particular the aviation community, forever. Since then, the terrorist threat continues to dominate international air travel and pose a real and present danger to airline passengers and aircrew across the globe. In line with this, expectations of renewed commitments to aircrew security training increased, however the practical reality of the standard of information and effective training often fell short. This book aims to help redress this problem. Intended to help flight crews' deal with the new complexities they face in the skies, it is designed to inform and enlighten crewmembers on the issues posed by air rage and terrorist activities, using techniques for conflict resolution,

assessment of threat, mental and physical preparation and post-incident considerations. The culmination of work accomplished from a lifetime of employment in aviation, security and training, the authors use a progressive approach to explain security issues from a flight crewmember's perspective. Using detailed studies of current airline security practice, verified by interviews with crewmembers worldwide, the book uncovers many of the shortcomings of international aviation security and presents plausible and innovative solutions to the problems crewmembers face. Having worked with aviation industry leaders, regulatory authorities, major airlines and flight training organizations, the authors provide a unique blend of guidance, useful to the development of security programs for crewmembers by airlines, corporations and air charter companies. Government agencies commissioned with overseeing and developing aircrew security can also use the book when seeking a better understanding of the needs of crewmembers and airlines. Readership includes: Airline flight crewmembers (pilots, flight engineers and flight attendants); major universities and colleges with aviation programs; members of organizations such as the Airline Transport Association, International Airline Transport Association, World Airline Transport Association, Flight Safety Foundation, Pilot and Flight Attendant labor unions as well as government agencies.

*The Gift of El Tio* Princeton University Press

Poetry. MORMON BOY by Seth Brady Tucker is one of the winners of the Elixir Press 11th Annual Poetry Awards. David Kirby has this to say about it: "A young man goes to a desert war, somehow returns with body and mind intact, and begins to write poems about his experiences. Will they be raw, brutal, all but impossible to read? Actually, no. Seth Tucker looks into the abyss, but it's a 'pretty abyss, ' as one of these poems says, because life rendered with feeling is always beautiful. Tucker embraces his subject but transcends it; a pleasure to read, these poems show poets how great poems are written.

**REVIEW OF CAPTAIN BILL BULFER FMC USER GUIDE 737 FREE**

• I have for some years had an axe to grind with whatever committee of human waste it was that got together and decided what constituted classic literature. It must have happened at some point, that a group of people declared themselves worthy to judge for our youth what would teach them to love reading, what made a good story. I love reading. I love a good story. I hate Lord of the Flies. As hard as the educational system tried to force me to read and appreciate their endless list of disturbing books, I still love reading good ones. And when I think back on these school-supported pieces of filth, Lord of the Flies stands out as the top representative of what is awful in a book. I get what the man was going for, what he was trying to say about humanity. I wish I could say he was dead wrong about human nature but indeed I think he accomplished just what he set out to do. That got the novel one extra star. No more. Yes, when left to their own devices, a group of innocents could very well turn savage. And that's exactly what is wrong with making young people read it. Is there no other novel to teach them about human nature? They'll hate whatever we give them, true, and maybe that's why they have been given such vile specimens, to save the good books for them to appreciate later. But it's no excuse...When I read this in school, it was horrible enough in print, but then they saw to it that we watched a dank, dark, desolate motion-picture rendition as well, in order that we might forever have burned into our memories the image of a little boy being speared by bullies and a plump boy being crushed by a boulder shoved by those bullies. All it did was give kids nightmares and serve to punctuate the message they'd been sending us all through school: bullies will have their way and adults will remain absorbed in their own problems and let them. Some people like a book that makes them feel, whether the emotion be good or bad. By all means, if you don't care how you feel so long as you're feeling something, read this book. But if you're a teen who has been depressed, living with harsh conditions, facing problems without seeming to find anyone on your side, lay the book down. Read a nice mystery, Jane Austen, Terry Pratchett, Douglas Adams, something that will make life have a little joy in it. Lord of the Flies has been written with the singular ability to suck out whatever joy remains. Shame on anyone who decides this is the sort of book, out of all that were ever written, that young people should read. We are not all stable, healthy, sheltered innocents who need to see the gritty side for our own good. Now bring on the "not helpful" ratings that will be assigned by all those who have already read it and like it and don't really need to read a review anyway.

• I was very satisfied with the prompt delivery service and the condition of the book, which, by the way, I absolutely loved!
