REVIEW OF INTRO COMPUTER PRACTICE N4 QUESTION PAPERS MCEIGL

- I've read a lot of Discworld novels and this is definitely one of my favorites. A must read for all Pratchett fans.
- I first read this book when I was an instructional design student in 1972. Gagne and Briggs' definitions of types of learning and of learning processes are ageless. Even in the era of constructivist ID, this book contributes an important bridge between fundamentals of psychology and the structuring of learning experiences and environments. Where would I be today without 'reverse chaining'? Probably at the end of my leash!
