Join our neighborhood today and begin your journey right into the globe of literary works with simple downloads of all your preferred books like **English French My Picture Dictionary Echoni!**

## **REVIEW OF ENGLISH FRENCH MY PICTURE DICTIONARY ECHONI**

- "This is the lowest rating I have given any of the books of the series. I liked the

book, but I don't really think that anything happened in it. Rand fights one of the Forsaken, but we are not sure if that one is dead at the end of the fight." That was what I said when I first reviewed this book three years ago. From further research, I have since discovered that this book was the first to not be fully edited after the author had written it. I think much of the angst and frustration that the author received over book ten he should have received over this one. It is the same old formula of a Forsaken dead every so many books, but now the formula was old and trite, and poorly edited by the author, as well as being the first of the Unedited Volumes by the publisher. Initially, I gave this a four star rating because of the introduction of Cadsuane, but after

reviewing, rethinking and re-reading, I had to change mine opinion. Both as a stand alone, and as part of the series, book seven can only be considered a stop-gap, one that we had to wait for and after the first six volumes, one that was not very satisfying. COT is not the worst book of the series, COS is.

- As always, Robert Jordan can draw in so many fine threads and tie them together in such a way as to leave you pondering their meaning for a good long time. He is the master of rumor, superstition, prejudice, and narrowmindedness in his characters... you want to reach out and slap them sometimes. The phenomenal depth of character this achieves, however, makes his people and places come alive in a way I have never experienced before.
