REVIEW OF 1001 SOLVED SURVEYING FUNDAMENTALS PROBLEMS 2ND ED

- I've been anticipating this book after buying the Live at Carnegie Hall CD, as he previewed some works from this new book. Overall the stories still have the same tone and subject matter of his previous work. Some parts were laugh out loud funny, but not as much as Me Talk Pretty One Day. It's funnier at least for me to hear him read it out loud than it is to read the book. His voice lends a lot of expression into the pieces than just his words can. If you can get the books on tape or CD, I recommend that out of personal bias, but DS in any media is well worth it.

- I don't like to read reviews and descriptions of a book prior to reading it because so very often they give away too much and spoil the book for me. This book was given to me as a gift and I just assumed it was fiction. I kept waiting for some sort of story to evolve, a plot, a direction. Took me many a chapter to even realize this was non-fiction and basically a collection of anecdotes. Perhaps I would have enjoyed the book more if I had realized that at the onset. Anyway, I thought it was a fairly weird grouping of stories. What a bizarre family! While mildly humorous I thought it was mostly weird and quirky (and sad) rather than funny.
