REVIEW OF TEACHING TRANSPARENCY CHEMISTRY ANSWERS CH 5

- I think that this book was great. It showed that even though you are totally different people (he was a Nazi, she was

Jewish!), you can still find love. Though, this isn't just a love story. It's so much more! Patty's parents don't love her, in fact they almost hate her! The only friend she had was Ruth, the housekeeper. That is until one day she befriended a German soldier named Anton, and Patty harbours him from the police. I found this book to be very

interesting. The one thing I found hard to believe was the age difference between the two. Read it, it's good

- I thought that this book was really great. I had to read it for my summer reading, which I hate and I really got into this book I couldn't keep my eyes away from it. This is an excellent book and anyone who's anyone should read it!
