REVIEW OF MANAGERIAL ACCOUNTING BRAUN TIETZ 3RD EDITION

- Martin Deporres Kennedy has a fine gift for storytelling. He pulls you into the story. I read this through in one sitting. The story is a vehicle for introducing theological ideas, often through debates between characters. These debates are very realistic, and may reflect actual arguments that the author haard or participated in. I would strongly recommend this for students. It would be a wonderful thing for Catholic high school religion teachers to assign their class.

- Think about the episode in the beginning when Matt's phone rings in the middle of a crowd. "So what, his parents called his cellphone" you may say.

However, this was just pure fantasy in 1948.
