REVIEW OF SNOW DAZE THE MUSIC OF WINTER OUTBREAKGAMES ITCH IO

- I was given this book by my boyfriend. For several years I have struggled with Panic Attacks. They have totally controlled my life for the past three years. I had a problem with the ability to trust men. A year ago I would have never thought to get into another relationship for the fact that I did not think that I was capable of handling one. Until I met the man of my dreams. I was very scared at first because I did not want to reveal that I had two major problems, panic attacks and trust. As soon as I told him that these were major obstacles in my life, he and I started the road to recovery. This book has shown me that I am not the only person who thinks like this. It showed me that things throughout my life have programmed me to think this way, and all I had to do is reprogram my brain. This book gives you the resources to do that. Since reading this book I have almost completely wiped out my panic attacks and I am now experiencing a wonderful, happy and healthy relationship with the man I love. This book has also shown me how to love UNCONDITIONALLY, a word that has never been in my vocabulary. I now have the ability to love him the way that love was meant to be "from the heart." I can't say enough about this book, it has truly changed my life.

- Davis DL. The aggressive adolescent. Binghamton, New York: Haworth Press, 2000, 158 pages. This book is written by a clinical psychologist with many years of experience within the Ohio State mental health, rehabilitation and corrections system. It is easily read, full of illustrative case stories with treatment

interventions and valuable information for the professional working with aggressive adolescents. The book presents statistics about juvenile violence and crime in American society, developmental theories on adolescent violence, assessment and treatment options. The inserted stories facilitates the understanding. The last chapter gives advice on how "to find a good mechanic". Many of the case histories give a story of prior abuse and neglect in the life of the adolescent, who later commits violent crime or murder and preventive measures within the family

and by society is therefore called for. The Aggressive Adolescent is written in down to earth language. I especially liked the inclusion of information about the author and a reader friendly index, items that often times are missing in otherwise good books. I can therefore recommend the book for professionals working with aggressive, violent or crime prone adolescents. Professor Joav Merrick, MD, DMSc Medical Director, Division for the Mentally Retarded, Ministry of Labour and Social Affairs, Box 1260, IL-91012 Jerusalem, Israel; Email: jmerrick@aquanet.co.il
