Bear in mind, reviewing evaluations can help you make educated choices regarding what to check out following and can expose you to new authors and styles you may not have taken into consideration previously.

REVIEW OF CAROLYN 101 BUSINESS LESSONS FROM THE APPRENTICE STRAIGHT SH

- "Middlemarch" is such a glorious work that even an audiobook reading that doesn't express all its astonishing fecundity can still be a more satisfying experience than a silent reading. And so it is with Kate Reading's interpretation. She has a pleasant voice and she reads the dialogue very well but obviously doesn't grasp what George Eliot is getting at much of the time. Every sentence has rapier-like point, most of it humorous, and Reading rarely seems to get the joke. She passes obliviously over the words which require the emphasis of a consummate joke-teller; it's like hearing a joke flatly told. You might get it but it needs work on your part. Reading also makes a hash of Eliot's frequent long sentences. She begins them breezily, seems to have them under control, but then starts to labour as the additional clauses make their appearance, and almost sputters to a halt before effortfully spurring them on to the bitter end. To be fair to her, sentences such as these are rarely to be found in any literature under a century old and the tradition of the Epic Sentence has foundered somewhere in Hemingwayville. Still, I think anyone attempting a reading of any work should know precisely what they're reading and not a mere approximation of it. However, I'll point out that Reading is not alone in this sin. Despite these misgivings, I still like this reading because it only requires a bit of extra concentration and inner modification of Reading's delivery to bring Eliot's magnificent novel to life. I can't think of a work that so unequivocally and consistently articulates its ideas: it comes closer to providing an education it itself than any other novel I can think of.

- I read this Bantam text from cover to cover in anguish. George Eliot 's language is very hard for a foreigner to read, she used too many clauses and rare usage of words. As a matter of fact, I don't find the book very engrossing or impressive, it was just a story of six young people who at last came to matrimony and some led a happy life (Fred and Mary), some led sort of a bad one (like Lydgate and Vincy). Rather, Eliot's witty comments at the beginning or ending of chapters interested me a lot. I don't understand why Dorothea cared so much about Christianity, and why Lydgate chose to put up with Rosamond for decades until he died, (he should pursue his dream in science.) If Rosamond was very selfish in character, it seemed to me, that at the end of the novel, Eliot delineated her as someone with goodness. She never spoke anything bad towards Dorothea since she went to live in London, and when Lydgate died, she married a wealthy old physician who was good to her kids. These are indeed virtues. So what on earth did the author think of Rosamond? Bad, not likely; good, she ruined Lydgate's career.
