- i got this book not long ago,i have alot of graff and hip hop books and this is one of the best.it never drags on for to long on one subject.it has basically put like ten graff and hip hop books into one then they took out the bull###t and left us with one dope book.highly recomened..
- I expected this to have many new ideas, but was mostly a historical picture.So for history, I would recommend, as it is well written and interesting.I misunderstood and thought it would have some frugal ideas that would help me in my daily life.There were a few interesting new ideas.
