## REVIEW OF ESSENCE OF DECISION

- This is one of a heartwarming series about the life of an orphan who is one of the most real characters I have ever read about! I recommend the whole series this book included.
- I found this book to be very well written for someone who already has some programming experience (I already knew FORTRAN). HOWEVER, BE WARNED that the binding is the worst that I have ever seen on any book I have ever purchased (and I have a lot). I am constantly glueing(sic) it back together. However, the writing is good enough to compensate for the almost criminal negligence of the bindary at the publisher.
