Billboard Simon and Schuster

Earlier theses on the history of childhood can now be laid to rest and a fundamental paradigm shift initiated, as there is an overwhelming body of evidence to show that in medieval and early modern times too there were close emotional relations between parents and children. The contributors to this volume demonstrate conclusively on the one hand how intensively parents concerned themselves with their children in the pre-modern era, and on the other which social, political and religious conditions shaped these relationships. These studies in emotional history demonstrate how easy it is for a subjective choice of sources, coupled with faulty interpretations – caused mainly by modern prejudices toward the Middle Ages in particular – to lead to the view that in the past children were regarded as small adults. The contributors demonstrate convincingly that intense feelings – admittedly often different in nature – shaped the relationship between adults and children.

Pitching prodigy Michael Arroyo is on the run from social services after being banned from playing Little League baseball because rival coaches doubt he is only twelve years old and he has no parents to offer them proof. Reprint.

Copyright Office, Library of Congress

A heartbreaking and powerful story about a black boy killed by a police officer, drawing connections through history, from award-winning author Jewell Parker Rhodes. Only the living can make the world better. Live and make it better. Twelve-year-old Jerome is shot by a police officer who mistakes his toy gun for a real threat. As a ghost, he observes the devastation that's been unleashed on his family and community in the wake of what they see as an unjust and brutal killing. Soon Jerome meets another ghost: Emmett Till, a boy from a very different time but similar circumstances. Emmett helps Jerome process what has happened, on a journey towards recognizing how historical racism may have led to the events that ended his life. Jerome also meets Sarah, the daughter of the police officer, who grapples with her father's actions. Once again Jewell Parker Rhodes deftly weaves historical and socio-political layers into a gripping and poignant story about how children and families face the complexities of today's world, and how one boy grows to understand American blackness in the aftermath of his own death.

Cumulated Index Medicus Little, Brown Books for Young Readers

The exhibition entitled "Papi in Posa," i.e., "Papal Portraiture," with the highly refined and historically significant Braschi Palace – home of the Museum of Rome – in 2004, and now in Washington, The John Paul II Center, is not offered only as an excellent exposition of masterpieces from major international museums – such as the Vatican Museums – and prestigious private collections, but stands out in particular because it is one of the most important expositions of portrait painting ever because of both the outstanding quality and the considerable number of paintings and sculptures offered – executed by Europe's leading artists from the last five centuries – and the great spiritual and social significance of the personages portrayed: the greatest Pontiffs who from the 16th century to the present have sat in the Chair of Saint Peter. It is suggestive to observe, as we scan the unique artistic itinerary offered by the curators of the exhibition, how through the succession of historical periods and particularly by virtue of the esthetic verve and inner sensitivity of the artists, the description of the human person was oriented, with extreme plastic ductility and acuity in their perception of their subjects' physiognomy, to represent not only the body lines of the subject being depicted but, in particular, the most intimate traits of the heart, the lively mobility of their thought, the innermost lines of the subject's character, in an intense dialogue of chiaroscuro observations from which the characterizing notes of complex personages are evinced – persons who appear completely clear and evident only to those who are capable of sublimating their outward appearance into an acute observation. From this prestigious gallery of portraits it emerges unmistakably how the anthropocentric path of human thought has manifestly reverberated within the bounds of the figurative arts through a progressive contextualization, which sees the subject represented unbound through a metatemporal aura of rarefied abstraction and placed, naturalistically, in a precise and well defined spatiotemporal sphere. At the same time, we witness a gradual definition of the personage portrayed as the bearer of a clear personal connotation – the self and the identity, which seem to be invisible and thus impossible to represent – no longer, hortatively, as an idealized and metaphoric emblem of absolute values in deference to a markedly ethical and pedagogical conception. The exhibited works, which rightfully range themselves among the most outstanding expressions of portraiture, reveal a deep spiritual harmony evocative of beauty and unleash a lively dialogue with the onlooker based on a real and inherent economy of the act of viewing, albeit freed from the exercise of a psychologism oriented toward uncontrollable wanderings. The reception of the meaning of the formal systems – thoughtful poses and attitudes – involves, to be sure, the active presence of the spectator in a sort of visual dialogue with the portrait that is not considered exclusively as a fixed commemorative system but rather as an interactive structure. In the perspective of the reception, the observer becomes a fundamental element for the construction of the meaning of the image that, from this very private perspective, undergoes obvious momentous transformations. Observer and image thus become integral parts of a fascinating system of visual exchange not unlike the mechanisms of verbal dialogue: both members of the "pair" take on contemporaneously the dual role of subject/object, restructuring the complex relational web established in a rapport between an "I" and a "you." Beyond the temporal contingencies, each portrait is recounted and seduces us through the universal language of fame:

this incarnates, deeply, the artist's attempt to describe the personality of the subjects portrayed, consigning the multiform essence of their nature to one attitude or to a single expression by resorting to a refined psychological introspection in an attempt to render visually the subject's inner world. It is owing to the above considerations that, while I applaud the felicitous initiative of giving life to such a culturally transcendent exhibition, I would wish that all those who will have the pleasure of visiting it or at least of perusing the pages of this catalogue will be able to perceive the portraits of the individual popes not as so many freestanding elements, but rather as integrated parts of a related set of men who, albeit struggling with the many and varied anxieties of everyday life, endeavored to serve Christ among their brothers, each one with a clear perception of himself as servo servorum Dei – the servant of God's servants! Through looks, attitudes and symbols committed by the artist in a well-constructed iconographic code to the pictorial or sculptural page, the discerning observer cannot help but grasp a veiled spiritual harmony that reflects the profound mystery of faith and propagates an echo of the ineffable beauty of God, revealing how, through art, man – pulled between the eternal and the transient – strives to draw close to his Creator. Francesco Cardinal Marchisano Vicar General of the Pope for the State of Vatican City

Trademarks Gangemi Editore Spa

From popular LGBTQ advice columnist and writer John Paul Brammer comes a hilarious, heartwarming memoir-in-essays chronicling his journey growing up as a queer, mixed-race kid in America's heartland to becoming the "Chicano Carrie Bradshaw" of his generation. "A wise and charming book. [Brammer] is such a good writer, and so well rounded."—David Sedaris "[Brammer] is both kind and piercingly funny, often in the same sentence....Personal and affecting....¡Hola Papi! is a master class of tone and tenderness, as Brammer balances self-compassion with humor." —THE NEW YORK TIMES BOOK REVIEW (EDITORS' CHOICE) "[¡Hola Papi! should be] required reading...[Brammer's] writing is incredibly funny, kind, and gracious to his readers, and deeply vulnerable in a way that makes it feel as if he's talking to only you." —LOS ANGELES TIMES The first time someone called John Paul (JP) Brammer "Papi" was on the popular gay hookup app Grindr. At first, it was flattering; JP took this as white-guy speak for "hey, handsome." Who doesn't want to be called handsome? But then it happened again and again...and again, leaving JP wondering: Who the hell is Papi? What started as a racialized moniker given to him on a hookup app soon became the inspiration for his now wildly popular advice column "¡Hola Papi!," launching his career as the Cheryl Strayed for young queer people everywhere—and some straight people too. JP had his doubts at first—what advice could he really offer while he himself stumbled through his early 20s? Sometimes the best advice to dole out comes from looking within, which is what JP has done in his column and book—and readers have flocked to him for honest, heartfelt wisdom, and of course, a few laughs. In ¡Hola Papi!, JP shares his story of growing up biracial and in the closet in America's heartland, while attempting to answer some of life's toughest questions: How do I let go of the past? How do I become the person I want to be? Is there such a thing as being too gay? Should I hook up with my grade school bully now that he's out of the closet? Questions we've all asked ourselves, surely. ¡Hola Papi! is "a warm, witty compendium of hard-won life lessons," (Harper's Bazaar) for anyone—gay, straight, and everything in between—who has ever taken stock of their unique place in the world. "Readers are likely to become addicted to these stories; they're that good...Brammer comes to know himself very well, and readers will be delighted to make his acquaintance, too," (Booklist, starred review).

Catalog of Copyright Entries. Third Series

The Great Schism divided Western Christianity between 1378 and 1417. Two popes and their courts occupied the see of St. Peter, one in Rome, and one in Avignon. Traditionally, this event has received attention from scholars of institutional history. In this book, by contrast, Joëlle Rollo-Koster investigates the event through the prism of social drama. Marshalling liturgical, cultural, artistic, literary and archival evidence, she explores the four phases of the Schism: the breach after the 1378 election, the subsequent division of the Church, redressive actions, and reintegration of the papacy in a single pope. Investigating how popes legitimized their respective positions and the reception of these efforts, Rollo-Koster shows how the Schism influenced political thought, how unity was achieved, and how the two capitals, Rome and Avignon, responded to events. Rollo-Koster's approach humanizes the Schism, enabling us to understand the event as it was experienced by contemporaries.

Bank and Quotation Record

By the early fourteenth century, the city of Florence had emerged as an economic power in Tuscany, surpassing even Siena, which had previously been the banking center of the region. In the space of fifty years, during the lifetime of Dante Alighieri, 1265-1321, Florence had transformed itself from a political and economic backwater—scarcely keeping pace with its Tuscan neighbors—to one of the richest and most influential places on the continent. While many historians have focused on the role of the city's bankers and merchants in achieving these rapid transformations, in *Florence and Its Church* in the Age of Dante, George W. Dameron emphasizes the place of ecclesiastical institutions, communities, and religious traditions. While by no means the only factors to explain Florentine ascension, no account of this period is complete without considering the contributions of the institutional church. In Florence, economic realities and spiritual yearnings intersected in mysterious ways. A busy grain market on a site where a church once stood, for instance, remained a sacred place where many gathered to sing and pray before a painted image of the Virgin Mary, as well as to conduct business. At the same time, religious communities contributed directly to the economic development of the diocese in the areas of food production, fiscal affairs, and urban development, while they also provided institutional leadership and spiritual guidance during a time of profound uncertainty. Addressing such issues as systems of patronage and jurisdictional rights, Dameron portrays the working of the rural and urban church in all of its complexity. *Florence and Its Church* in the Age of Dante fills a major gap in scholarship and will be of particular interest to medievalists, church historians, and Italianists.

REVIEW OF AY PAPI 1 15 GIGAGO

• I found this book not that useful to me. I am no beginner. This book is for beginners who wants to know about jargons and generally general stuff related to it. I bought this book because of the author Walid Mougayar whom have impressed me. Helpful if you want to know something but not too deep. Useful for managers who wish to conduct conversations on technical stuff as ice-breakers. Even the initial section which describe different companies is too shallow. I get get better stuff elsewhere. Perhaps in-depth of a few companies would have been much more useful. Reading the book remind me of the old days when I spent my time in the libraries browsing through Britannica and researching on various subjects. As stated before what could be gained is just skin deep but could serve as a point for deeper reading. It could serve as s book on a serve for non-technical managers who may wish to do some initial reading before attending a technical meeting. I do not recommend this book for people who wants more in-depth knowledge. I recommend it to people who wants an overview.

• This was a great book! I liked the witty characters, the scheming villains, and the tender relationship between the hero and heroine. I would recomend this book to all readers who enjoy Georgette Heyer. It is a humorous regency romance, with delightful characters. I fell in love with Julia and Alec, and you will, too!
