REVIEW OF LASER B2 WORK ANSWERS

- This book was one of the best thus far. Very well developed and I cannot wait to read the next one.
- Although we don't believe in Santa at our house, we still have read this book with our children. They really look into the pictures and point out details of the art. It's fun to read and to talk about the pictures. If you tell you children about Santa or not, it's still a wonderful story that is a part of American history and has been read by and for generations.
