Beginning discovering the globe of PDF Partitions Gratuites Mozart Wolfgang Amadeus Ave today and unlock the capacity for a richer, much more satisfying discovering experience.

REVIEW OF PARTITIONS GRATUITES MOZART

WOLFGANG AMADEUS AVE

- ... to struggle my way through Eragon. I'm not going to fall back on that annoying cliché and say that it's a waste of trees, but it certainly IS a waste of my time, as a jaded fantasy veteran. I honestly have to laugh at all of the reviews stating how 'original' Eragon is and how many 'twists' Paolini put on the subject of dragons, magic, etc etc. HELLO? Go read Eddings, Jordan, and especially Tolkien and McCaffrey - and THEN we'll see if you can talk. And no, you won't be able to, because you'll finally realize how much of a ripoff this pitiful book is. The horrible, derivative plot aside, +Paolini relies far too heavily on metaphors. The sentences are awkward, and one moment Eragon will be speaking 'grandly' (albeit ridiculously) and the next he'll sound like some kid from the 21st century. The characters are all paper-thin - truly cardboard cutouts. I could not find one interesting character, except for Angela, who at least had a little redeeming originality and depth. And most of all - what's up with Eragon? He's the whiniest, dullest, most annoying protagonist I've ever had to struggle through 500+ pages with. Half the time I truly wanted to set Saphira's dainty little blue tail on fire. Paolini apparently attempted to make her the 'ultimate' best friend - and failed miserably. Witty, intelligent, caring, warm, sympathetic? How about try annoying, superficial, and irritating? I cannot spew enough of my distaste about this poor work of fiction. It's the worst piece of 'fantasy' I've read in years.

- Most readers have heard by now that Fifteen-year-old Christopher Paolini began writing Eragon in a notebook while sitting on the couch. His youth can be seen in his writing, his plot

is at times clichéd and often formulaic. However, having said that, I enjoyed the novel. The setting Paolini creates is comprehensive, with detailed back-story, geography and laws that rule his imaginary world. (Yes, some of these laws are borrowed from other authors.) The characters of this world, in comparison to the movie are much fuller and more developed. Paolini has stated that he carefully plotted the story and I did find it formulaic but also classic. Like any author he has read and was clearly influenced by other fantasy and science fiction authors. Others have criticized Paolini for incorporating ideas from other authors into his work. I would agree that he obviously does this and, from a more mature author, I would expect more subtlety.

He is open about many of the authors that have influenced him and lists some on his website. Eragon is not fantasy in the class of The Lord of the Rings or The Lion, The Witch and the Wardrobe but I asked myself, would I have enjoyed this book if I had known nothing about the author? My answer is yes. For me his youth only adds to the enjoyment I receive from his work. To have created a fine story while only a teenager makes me wonder what he will achieve in twenty years. As I suggested earlier, I did not find the movie enjoyable but Eragon, the book, is an excellent first novel by a fine new author. I look forward to Eldest and all his future stories. Recommendation: Read the book but skip the movie. Kyle Pratt
