REVIEW OF ADVERTISING PROMOTION AND SUPPLEMENTAL ASPECTS OF INTEGRATED MARKETING COMMUNICATIONS 6TH EDITION

- I just finished Ulysses (five minutes ago) and was blown away with the psychological insights Joyce was able to display through the characters thought processes' and interactions, both male and female. Once I was able to jump in and ride Joyce's 'Stream of Consciousness'.....It was like I was being taken on a wild ride through the human psyche.....I'll admit it wasn't easy for me to get into the flow, but once I did I saw why this is often cited as the best book of the 20th century.....However, getting into the flow was much easier for me than reading some of the ignorant responses to Ulysses posted here. Okay, I'll admit I'm used to blatant ignorance, I live in the United States, but when I saw that two of the most juvenile and mindless responses were from teachers, and one taught literature, I was once again blown away. Luckily, I was able to find some tonic by reading some of the other responses. I haven't lost all hope, there are still a few non-programmed thinkers out there.....If you are considering reading this book, I strongly suggest you do and I also suggest that before you start it, approach it with an open mind and you'll be taken on a ride you won't soon forget.

- I have always considered stream of consciousness as a technique best used for short works in the order of one to ten pages, more than that becomes tiresome.The author of the review mentioned above points out that in order to understand what's going on, people should read "The New Bloomsday Book", that way they'll save themselves the problem of looking like fools amongst the elites. I'll just say one thing to that; if you need to read a piece of research ("The New Bloomsday Book", etc) in order to appreciate a work of art, visual, literary or otherwise, then the work of art in question has no value whatsoever. I do not need to buy a thick volume on the history, theory and imagery of surrealism to appreciate Dali's paintings, and I sure don't need it to appreciate a work of literature.And of course there is the "you didn't like/understand it, you're a fool" attitude, very common between so called intellectuals and college poseurs, but, what could anyone do but laugh at that?
