CHECKING OUT BOOK RECAPS OF LEISURE AND FEMINIST THEORY

[Leisure Life](#) SAGE

Leisure Life is a ground-breaking study of men and masculinity. Focusing on the social networks and leisure lifestyles of a particular group of working-class men - 'the lads' - Tony Blackshaw argues that traditional social collectivities such as class are being superseded. Instead, leisure life is now the central arena in which individuals assert their identities and confirm their belonging. For 'the lads', leisure time is the pivotal point in a fragmented life which not only allows them to fashion some sense of order in a world of endemic disorder but also provides opportunities for the assertion of their masculinity. The book uniquely combines 'the lads' own raw and compelling accounts of their leisure experiences with a sophisticated interpretive analysis. In doing so, it draws on the work of major theorists such as Baudrillard, Derrida, Foucault, and especially Bauman to develop new critical insights into our understanding of the meaning of leisure. Leisure Life awakens the sociological imagination. It offers a new approach to the study of masculinity and the ethnography of leisure, making it appropriate for courses in sociology, leisure, cultural and gender studies.

Women, Leisure, and Bingo Routledge

This book uses a decolonial Black feminist lens to understand the contemporary significance of the practices and politics of indifference in United States higher education. It illustrates how higher education institutions are complicit in maintaining dominant social norms that perpetuate difference. It weaves together Black feminisms, affect and queer theory to demonstrate that the ways in which human bodies are classified and normalized in societal and scientific terms contribute to how the minoritized and marginalized feel White higher education spaces. The text espouses a Black Feminist Shad(ey) Theoretics to read the university, by considering the historical positioning of the modern university as sites in which the modern body is made and remade through empirically reliable truth claims and how contemporary knowledges and academic disciplinary inheritances bear the fingerprints of racist sexist science even as the academic tries to disavow its inheritance through so-called inclusive practices and policies today. This book will appeal to students and scholars interested in Black feminism, Gender and women's studies, Black and ethnic studies, sociology, decoloniality, queer studies and affect theory.

An Introduction Routledge

When Feminist Theory: From Margin to Center was first published in 1984, it was welcomed and praised by feminist thinkers who wanted a new vision. Even so, individual readers frequently found the theory "unsettling" or "provocative." Today, the blueprint for feminist movement presented in the book remains as provocative and relevant as ever. Written in hooks's characteristic direct style, Feminist Theory embodies the hope that feminists can find a common language to spread the word and create a mass, global feminist movement.

[Origins, Themes, and Diversity, Second Edition](#) Routledge

Leisure and Feminist Theory SAGE

Transforming Sport and Physical Cultures Through Feminist Knowledges

 SAGE

Many questions arise of an economic nature that are only partially addressed by standard economic analysis. These lacunae give rise to particular lines of critique in economics, including a wide-ranging and increasingly cogent feminist approach to reenvisioning economics. This book provides a comprehensive description of this intriguing new area of feminist economics. It includes discussion of what constitutes feminist economics and how feminist economics is different from other approaches. The intellectual origins of the area are explicated, and the current state of the subfield outlined. Specific topics covered include conflict over terminology, pedagogy, and content in the field of economics, measurement of the unmeasured economy, the role of caring labor in the economy, heteronormativity in economics, feminist approaches to economic development, multiple approaches to empiricism, modeling of intrahousehold relationships, consideration of the role of property rights in reifying gender roles, differential effects of international trade and finance by gender, and feminist approaches to public finance and social welfare.

[Advanced Introduction to Feminist Economics](#) Routledge

An updated edition of a standard in its field that remains relevant more than thirty years after its original publication. Over thirty years ago, sociologist and University of California, Berkeley professor Arlie Hochschild set off a tidal wave of conversation and controversy with her bestselling book, *The Second Shift*. Hochschild's examination of life in dual-career households finds that, factoring in paid work, child care, and housework, working mothers put in one month of labor more than their spouses do every year. Updated for a workforce that is now half female, this edition cites a range of

updated studies and statistics, with an afterword from Hochschild that addresses how far working mothers have come since the book's first publication, and how much farther we all still must go.

At our book summary collection, we firmly believe in the power of exploring Leisure And Feminist Theory. Not only can this open new understanding and understandings, however it can also conserve readers time and assist them determine which publications to spend their time in. Allow's dive into the principle of Leisure And Feminist Theory recaps and their benefits.

[Rethinking Leisure Theory](#) Routledge

The "Serious Leisure Perspective" (SLP) is a theoretical framework that can help us understand the complexities of modern leisure as both an activity and an experience. Bringing together the study of serious leisure, casual leisure and project-based leisure, it is an essential component of the Leisure Studies curriculum and an invaluable tool for exploring the significance of leisure in contemporary society. This book is the first of offer a comprehensive introduction to the Serious Leisure Perspective, from fundamental principles and key concepts to in-depth and wide-ranging case studies of serious leisure pursuits. The book introduces the history of the SLP and its position alongside other social theories that attempt to explain the nature and function of leisure. It explores important themes such as consumption, gender relations, social capital and quality of life, and delves deeply into the leisure of amateurs, hobbyists, career volunteers and occupational devotees. Every chapter includes a range of useful pedagogical features, such as review questions and group exercises, to help the student to grasp the importance of understanding leisure as a way of understanding contemporary social life and society. Combining cutting-edge theory and method with an engaging and practical interface, this is an essential text for all Leisure Studies courses and illuminating reading for any student working in Tourism, Events, Sport, Recreation, Sociology or Cultural Studies.

The Second Shift Trinity & All Saints College

Leisure, Women, and Gender is part of an ongoing examination that explores and elaborates issues of leisure for girls and women. The book is both an update of *A Leisure of One's Own: A Feminist Perspective on Women's Leisure* (1989) and *Both Gains and Gaps: Feminist Perspectives on Women's Leisure* (1996) and a departure from these earlier works, in its process and structure. Specifically, in this volume, rather than writing about the research that others are doing, we invited some of those researchers to talk about how they came to study leisure, women, and gender; what they have learned from their research; and to reflect on directions for future research. Hence, organizationally and structurally it falls in the "middle ground" between a co-authored and an edited book: it mixes writing by the book's editors with the voices of invited scholars, who contribute central and additional perspectives regarding the topics.

[Interrogating Motherhood](#) Routledge

This book presents MacKinnon's powerful analysis of politics, sexuality, and the law from the perspective of women. Using the debate over Marxism and feminism as a point of departure, MacKinnon develops a theory of gender centered on sexual subordination and applies it to the state.

[Social and Cultural Perspectives](#) Routledge

This book explores the meaning of leisure in the context of key social formations of our time. Chris Rojek brings together the insights of feminism, Marxism, Weber, Elias, Simmel, Nietzsche and Baudrillard to produce a survey - and rethinking - of leisure theory. At the same time he presents a radical critique of the traditional 'centring' of leisure, on 'escape', 'freedom' and 'choice'. Revealing how leisure practices have responded to living in a risk society, he shows that 'free' time becomes something very different when simulation and nostalgia lie at the heart of everyday life.

[Understanding Leisure](#) Routledge

First published in 1985, this title explores theories of leisure in a capitalist society. Basing his argument on a refutation of the conventional association of leisure with freedom and free time, Chris Rojek examines the four main structural characteristics of modern leisure practice: privatisation, individuation, commercialisation and pacification. The writings of Marx, Durkheim, Weber, and Freud are used to locate the question of leisure in more mainstream social theory. This interesting reissue will be of particular value to students of sociology and leisure studies, and those with an interest in the relationship between leisure and power.

[A Reader](#) Springer

This text draws upon recent feminist theoretical interventions to suggest a framework for the history of women's leisure which explicitly problematises the category leisure and foregrounds its relationship to work within women's lives.

Feminist Theories and Feminist Psychotherapies: Origins, Themes, and Diversity, Second Edition examines major feminist theoretical perspectives and links them to practical applications of feminist therapy. This book focuses on the evolution of feminist therapy and how histor

Principles and Practice Routledge

Leisure has always been associated with freedom, choice and flexibility. The week-end and vacations were celebrated as 'time off'. In his compelling new book, Chris Rojek turns this shibboleth on its head to demonstrate how leisure has become a form of labour. Modern men and women are required to be competent, relevant and credible, not only in the work place but with their mates, children, parents and communities. The requisite empathy for others, socially acceptable values and correct forms of self-presentation demand work. Much of this work is concentrated in non-work activity, compromising traditional connections between leisure and freedom. Ranging widely from an analysis of the inflated aspirations of the leisure society thesis to the culture of deception that permeates leisure choice, Rojek shows how leisure is inextricably linked to emotional labour and

intelligence. It is now a school for life. In challenging the orthodox understandings of freedom and free time, The Labour of Leisure sets out an indispensable new approach to the meaning of leisure. Chris Rojek is Professor of Sociology and Culture at Brunel University. In 2003 he was awarded the Allen V. Saporin Award for outstanding achievement in the field of leisure studies.

[Advancing a Fourth Wave](#) Penguin

Explores the limits and possibilities of enlightenment politics and theories of political transformation, especially within the context of liberating education and feminist knowledge.

[The practice and performance of American belly dance](#) SAGE Publications

This landmark publication brings together some of the most perceptive commentators of the present moment to explore core ideas and cutting edge developments in the field of Leisure Studies. It offers important new insights into the dynamics of the transformation of leisure in contemporary societies, tracing the emergent issues at stake in the discipline and examining Leisure Studies' fundamental connections with cognate disciplines such as Sociology, Cultural Studies, History, Sport Studies and Tourism. This book contains original work from key scholars across the globe, including those working outside the Leisure Studies mainstream. It showcases the state of the art of contemporary Leisure Studies, covering key topics and key thinkers from the psychology of leisure to leisure policy, from Bourdieu to Baudrillard, and suggests that leisure in the 21st century should be understood as centring on a new 'Big Seven' (holidays, drink, drugs, sex, gambling, TV and shopping). No other book has gone as far in redefining the identity of the discipline of Leisure Studies, or in suggesting how the substantive ideas of Leisure Studies need to be rethought. The Routledge Handbook of Leisure Studies should therefore be the intellectual guide of first choice for all scholars, academics, researchers and students working in this subject area.

[The Feminine Mystique](#) Springer

The idea of a 'leisure society' was in its heyday in the 1960s and 1970s, when it was predicted that the pattern of falling working hours which had been experienced in Western societies in the first half of the twentieth century would continue indefinitely. The leisure society has clearly not been realised. On the contrary: contemporary industrial societies seem to be characterised by a shortage of time, experienced as 'time squeeze' and stress. The leisure society idea can be seen as the modern version of the age-old dream of a 'life of ease and plenty'. This analytically and empirically rich book traces the idea in history, through biblical, classical Greek, medieval and nineteenth century utopian writings and into twentieth century concerns with dystopia and the impact of rapid technological change. The 'leisure society' concept turns out to have been an elusive and short-lived phenomenon. For a variety of reasons, the trend towards shorter working hours ran out of steam in the last quarter of the twentieth century. However, while leisure scholars have deserted the topic, a diverse range of activists, including environmentalists, economists and feminists, continue to make the case for reducing working hours. *Whatever Happened to the Leisure Society?* concludes that the on-going 'struggle for time' should be supported, for the sake of human health and well-being and for the sake of the planet. This is a valuable resource for students and academics in the fields of leisure studies, cultural studies, history, economics, sociology and political science.

[Play like a Feminist.](#) Psychology Press

First published in 1999. Routledge is an imprint of Taylor & Francis, an informa company.

For readers that prefer an extra customized touch, curated collections are an excellent choice. These collections are often produced by market professionals or fanatics and supply a listing of must-read summaries for various styles. You can locate them on blogs, podcasts, and also social media sites teams.

With these pointers, you can find the appropriate Leisure And Feminist Theory publication recaps for your rate of interests and preferences. Delighted analysis!

REVIEW OF LEISURE AND FEMINIST THEORY

- This book has become one of my favorite books of all time. It is exciting to read and even though written well over 100 years ago it so captivates the human condition as it exists today.

- I can think of no character in all of literary history who is more obsessed, more driven than Edmond Dantes. Batman comes close. You don't know who Edmond Dantes is? Well, allow to offer up a brief synopsis (very brief) of the novel that is *The Count of Monte Cristo*. Edmond Dantes, a successful young sailor, returns home to France in the early 19th Century with plans to wed the love of his life. Instead of the expected happiness, several of Edmond's friends have grown jealous of his life and go to the authorities to accuse Edmond of being a spy for Napoleon. Edmond is sent to prison, his life ruined and basically over. But in prison he makes friends with another inmate, an old man who tells Edmond of a secret treasure hidden away on the island of Monte Cristo. After the old inmate dies in prison, through some twists and turns Edmond manages to escape. Then he goes to the island and discovers this treasure, so huge it would make any kings of Europe envious. Soon a mysterious stranger, the Count of Monte Cristo, appears in Paris and begins to make the rounds as to "coming out in society." To give away more would be a disservice to the reader, but let's just say poor Edmond is no longer poor and goes to extremes to find his revenge against his old "friends." Unlike most of the film versions I've seen of this tale, the novel does not have the happiest of endings. The tale is sort of a tragedy, but one in which the protagonist wins out, though finds that what he has won was perhaps not truly worth everything he went through to achieve it. There are no simple endings here. The good guy doesn't win the girl and everything else. In other words, this is a lengthy, complicated tale that will make you think in the end. All the while giving you a darn fun reading experience. There's action to be found here, sword fights and the like, as well as intrigue and skulduggery. There's also a bit of comedy here and there, but out-and-out murder at times. Most of Dumas' longer novels touch upon many facets of the human existence, and this one is no exception, though it is perhaps the darkest of his longer writings.
