REVIEW OF PRACTICE PROBLEMS INCOMPLETE DOMINANCE AND CODOMINANCE

- Sara has done it again. She's brought back the same chemistry of Elizabeth and Nathaniel from "Into the Wilderness." Against the backdrop of new places and new adventures, the story is wonderful. Sara has a wonderful way with words, making it feel as if we were right there along for the ride. The love and passion of Elizabeth and Nathaniel is once again alive and full. As they are separated, you can feel your heart pulling for their safety and reunion right along with them. I am anxiously waiting for the next release in this wonderful series, and wish to see Sara receive a place on the bestseller's list for her masterpieces.
- When I had read Into the Wilderness I went out to the library immediately and got Dawn on a Distant Shore. Sara Donati makes the characters in the book seem so real. I felt like I was part of the book. I felt their pain, joy, and worry with them along the way. I can't wait till the next book comes out so I can meet up with my friends again, and go along the new journey! This is the best book anyone could ever read!!!
