Engineering Economy. Fourteenth Edition. William G. Sullivan. Elin M. Wicks. C. Patrick Koelling. A succinct job description for an engineer consists of just two words: problem solver. Broadly speaking, engineers use knowledge to

find new ways of doing things economically.

**VERDICT**

We hope you're as thrilled regarding the globe of Engineering Economy Fourteenth Edition By Sullivan Wicks And Koelling publications as we are! Our shop is dedicated to giving a phenomenal reading experience for all. With our wide range of publications, from new releases to ageless classics, there is something for every person. Our dedication to client fulfillment means that you can shop with confidence, recognizing that your order is in good hands.

Do not neglect to get in touch with us and fellow publication lovers in our dynamic community. Share your favored

reviews, participate in thoughtful conversations, and find brand-new literary treasures. And if you ever before require help locating the excellent publication, our well-informed team is right here to provide tailored recommendations.

## **REVIEW OF ENGINEERING ECONOMY FOURTEENTH EDITION BY SULLIVAN WICKS AND KOELLING**

- In this his second adventure, private detective Philip Marlowe - more or less in between cases - pokes his inquisitive nose where it doesn't belong. Encountering a behemoth of an ex-con, Moose Malloy, on the street, Marlowe follows the big man into a bar and

witnesses a murder. And before the reader can ask, "Where's my Velma?" - the question makes sense when you read the novel - Marlowe finds himself embroiled in police corruption, a blackmail scam, chasing a gang of jewelry thieves, another murder and encounters a young female who becomes his pseudo-partner, a psychic con-man, a crooked doctor and is propositioned by beautiful young woman who is married to a much older and very wealthy man. All the while Marlowe attempts to keep tabs on Moose. If possible the plot/story-line of Farewell, My Lovely is even more convoluted than its predecessor, The Big Sleep. Marlowe meeting new players with each twist and turn of the investigation and getting physically bounced around on a regular

basis. (For the politically correct there are a handful of racial slurs which may make the reader cringe.) But somehow the author ties it all together in the end with maybe a not so neat bow. This being a Chandler novel there are plenty of classic "Marlowe-isms". After being called to a rich client's home, where "the carpeting almost tickled his ankles", he describes the den he is escorted into as "a room where anything could happen, except work." When embarking on a night's work he makes the observation, "I needed a drink, I needed a lot of life insurance. I needed a vacation, I needed a home in the country. What I had was a coat, a hat and a gun." Ahhhh - to be Philip Marlowe.

- The tough-as-nails writing of Raymond Chandler has overtaken mysteries to so

great an extent that it's easy to forget his role as a trailblazer. 'Farewell, My Lovely,' just Chandler's second novel, already burns with the rot of Los Angeles that spawned countless other imitations and had a far-reaching effect on both crime fiction and moviemaking over the next thirty-five years. 'Farewell, My Lovely' is a typically Chandlerian novel, using first person narrative and a slew of characters. Thirtyish private investigator Philip Marlowe starts with a dull case, before he gets pulled onto the scene of a murder at one of Los Angeles's Afro-American bars. The huge, White assailant Moose Malloy has recently left prison and is searching for his lost girlfriend. Marlowe finds himself beside a dead body and a load of curiosity. Helping with police investigations, he

enters a labyrinth of the Los Angeles underworld, including crooked cops, hot blondes, swindling psychics, and racketeers. Chandler's storytelling in the first person narrative of Marlowe is hard-boiled crime before it took on cliché status. The writing style is crude by necessity; found here is the private detective's rough and cynical attitude that influenced later antiheroes like Peter Gunn and the noir style that dominated Hollywood movies. Besides several adaptations of Chandler to the big screen, other directors have paid homage, such as Roman Polanski in 'Chinatown' and David Lynch in 'Blue Velvet.' 'Farewell, My Lovely' is a well-constructed novel, but not without flaw. Chandler lets none of the characters go to waste, each holding a pivotal role in

Marlowe's detective work. This novel stays consistent with his first project, 'The Big Sleep,' in having Marlowe revisit the same territory of earlier chapters. There is no predictability at all and Chandler creates genuinely tense moments. Marlowe, however, is steered by chance far too often and there are times when the action seems contrived, or without inevitability. The easy-going narration helps to smoothen over farfetched elements, such as the unlikelihood of Marlowe getting shoved into Moose Malloy's bar brawl, which is needed just to launch the story. The climax is also rather disappointing, taking place in an unimaginative location. While dealing with the social realities of 1940s California, Chandler's novels still need to be considered as

great entertainments rather than full-fledged literature. The novels make generalizations about human life but are mostly driven by plot. It is pulp fiction of the highest rank: well-written, often humorous, and highly dependable. This novel, like others of Chandler, should hold its place in the detective genre for

ages to come. The Chandler novels have been republished in an attractive collection by Black Lizard, the crime subsidiary of Vintage Books. 'Farewell, My Lovely' is 292 pages long, in a nice art deco format. Imperfect but highly entertaining, the novel is a must for crime fiction fans.
