Do you remember the stories your Grandma used to tell you every night about cursed beasts, village beauties, girls in red capes and wolves in disguises? REVIEW OF BREEDING THE CURVY GIRL NEXT DOOR EXECAM

- I am a handicapped person and I just started collecting autographs via mail. I was using 2 other books at first and had about a 20 to 30 percent return using their addresses and techniques. I started using Cynthia's book and I am now around 70 to 80 percent. I receive 5 to 10 autographs per day and with her technique, I received a lot of photo's and personal notes from the celebrities. The turn around time was great and I can't believe the results I've been receiving. I sent Cynthia an email

about some addresses that were wrong and she personally wrote me back to thank me (She also has her own Web Site). She is a very nice person and she really knows her autograph business. I would highly recommend this book to anyone who wants to collect autographs through the mail. Thanks Again Cynthia!

- Sixteen-year-old Julia Scheeres and her adopted brother David, just a few months younger, were long accustomed to depending upon one another. The two youngest children in a large family, Julia and David were by then the only ones left in the house -- and subjected to the full force of their mother's religious fanaticism and father's violence. Christian hymns were piped into their bedrooms via intercom at dawn; the same intercom system was used later in the day to eavesdrop on the children's conversations, lest they be thinking unholy thoughts. Dad, a surgeon who worked long hours at his private practice, was rarely home. But when he was, chances were good he would pull out his belt and drag one of his children to the barn for a beating over some small transgression, real or imagined. There was no room for explanation or discussion. Leaving the house provided no relief, either, as David was black -- the only non-white student in their Indiana high school. Because of her brother, Julia also suffered. She was often taunted and abused by her classmates right alongside him; but other times, the biggest anguish she faced was knowing that that she simply could not help him against all the world's bigots, could not follow him every step of his day and protect him from harm. And to expect their parents to intercede for them was simply out of the question. Shortly after Christmas during their junior year, things spiral so out of control that David and Julia find themselves sent to a Christian reform school in the Dominican Republic. While they expected things might be austere, they could never imagine such a place might truly exist in the 1980s, physically and emotionally abusing American teenagers in sadistic ways. Without a trace of self-pity, Scheeres relates her teenage journey through a personal hell, where all sorts of horrors were regularly inflicted in the name of Christianity. The irony, so plain to see, is bound to make readers begin to examine their own beliefs and everything they've learned and thought til now, regardless of faith or lack thereof. Scheeres is an excellent storyteller, and is guaranteed to pull readers into her life.
