REVIEW OF PRACTICE OF STATISTICS 4TH EDITION TESTS

- If you are a fan of HM Navy stories ca. 1800 then this entire Aubrey-Maturin series is one that I rate A+ (and I would also rate the Hornblower series an A); very good characterization and more than enough action to keep you reading

from cover to cover.

This book was my Christmas present to me. I loved all the pictures and the commentary. Ansel Adams was a genius, he saw the world with the eye of his camera and the vision of a real artist. I will display this book on the ottoman in my livingroom and know my family will enjoy it as much as I already have.
