REVIEW OF STUDY FOR 1Z0 144 ORACLE DATABASE 11G PROGRAM WITH PL SQL

ORACLE CERTIFICATION PREP

- I took the Novell courses and have the student study guides, but I probably could have done just as well using this book alone. It's well written and easy to read. This book also has something the official course books don't - an index! I followed someone else's suggestion of making flash cards from the questions at the end of the chapters and I feel that's what really nailed it for me. Thanks for the help, Mr. Bowman!

- I read this book when I was twelve and interested in the idea of reincarnation and how actions from past lives might affect future lives. Twenty-six years later I've yet to find a novel that deals with past lives' effects on future lives as intelligently, AND include a love story. My only complaint is that the regression scenes are a bit sketchy, with the action focusing mostly on the Tudor period. There could be a bit more follow-up on how Celia's and Richard's marriage turned out. But the Tudor period scenes are wonderful. Celia's and Dr. Akananda's spirit journeys are interesting, with the 20th-century Celia acquiring inner peace and Dr. Akananda paying off his past-life debts. I just wish there were more novelists who would work with the subject of reincarnation.
