REVIEW OF CHAPTER 16 EVOLUTION CROSSWORD

- This is a wonderful Victorian-style novel about a manor house, its mistress, and her domestics. Wonderful that is, until the middle of the story. The author makes choices that effectively shut down the flow and pacing of the story. It's spooky and interesting, but the sudden turn and the unexpected switch in the narrator's point of view, time, and setting make the rest of a great read a downer.

- I was a bit skeptical at first, but now, I think this book is a must read if you want to STOP paying more interest on your mortgage than you have to. What I liked about it is that it takes a potentially complex subject and makes it extremely easy to understand. The book reads as if the author is engaging you in a one-on-one. conversation. By the time you finish reading it you realize that the price of you not implementing this system will cost you tens of thousands of dollars in interest that you never have to pay. I also attended a weekend workshop facilitated by the author and that really brought home the power of this system. I walked away knowing exactly how much time and interest I'm going to save on my mortgage because we created our own individualized plan. I'm telling everyone I know to do this because it certainly changed my life. If you get a chance get this book and attend the workshop - they are run by American Mortgage Eliminators. Hope this helps you.
