REVIEW OF HOUSE OF NIGHT SERIES REDEEMED

- I began reading Vonnegut on the suggestion of one of my English teachers. Thus, far I have read six of his novels. Mother Night is the first one I've read which has any possibility of actually occurring (it's not science fiction). An American living in Germany becomes a spy for the Allies, loses everything that matters, thinks he regains it, then is crushed once more! Dark humor. check. Odd love scenes. check. great style.

uncheck. The novels that made Vonnegut a name for himself such as *Cat's Cradle* and *Slaughter-House Five* are certainly amiss here. His anthropologist side even faded a little bit. In fact, some of the plot was so cheesy it was strange to remind myself that one of my favorite authors wrote it. If you love Vonnegut pick this book up. It won't take long to read and you can decide for yourself. The book does deserve a 4/5 which is what I'm

awarding it. It wins this due to just the right amount of cheek. However, I rather re-read *Galapagos* or *Slapstick*.

- I was a little unsure before I bought this book...not exactly a book a 65 year old grandma might read. I thought the price is right, why not try it. It actually was good. It's amazing how a group of people worked together to survive the "zombies". Well worth reading....give it a try....also sequels.
