So if you are a Nintendo or video game fan, dive in and learn about all the entertaining and interesting games in the impressive SNES library!

The Champion's Handbook Prima Games

The definitive story of the rise of Nintendo. In 1981, Nintendo of America was a one-year-old business already on the brink of failure. Its president, Mino Arakawa, was stuck with two thousand unsold arcade cabinets for a dud of a game (Radar Scope). So he hatched a plan. Back in Japan, a boyish, shaggy-haired staff artist named Shigeru Miyamoto designed a new game for the unsold cabinets featuring an angry gorilla and a small jumping man. Donkey Kong brought in \$180 million in its first year alone and launched the career of a short, chubby plumber named Mario. Since then, Mario has starred in over two hundred games, generating profits in the billions. He is more recognizable than Mickey Mouse, yet he's little more than a mustache in bib overalls. How did a mere smear of pixels gain such huge popularity? Super Mario tells the story behind the Nintendo games millions of us grew up with, explaining how a Japanese trading card company rose to dominate the fiercely competitive video-game industry.

REVIEW OF SUPER MARIO RPG STRATEGY GUIDE

- The Giver was a mystery book. Some parts were hard to figure out and some were really interesting. The middle of the book was the best. When he became the Reciever and started recieving the memories. The ending of the book was sort of odd but sort cool. It was interesting how they came up with the plan to escape. I was glad that him and Gabrielle made it over the hill. My final opinion is that the book was neat and i liked it. It was a well written book.

- I would like to start off by saying that I've never in my life read a book quite like this. I've read many kinds of books and this book is very unique.This story's main character is a boy names Jonas. Jonas is a smart boy and I liked his personality. Jonas lives in a community that is unlike any other; his community is under what they call Sameness. No color, no differences, no snow, etc. Such things would make it boring to live their. But, of course, no one knows of those things, so they're perfectly happy.There is one person though that knows about all the joyful and painful things of the normal world, the world they call Elsewhere. He is called The Giver and was chosen to hold all of the memories of the past that no longer exist in their community.Now, Jonas has been selected to become the next Giver, and he must face the difficulty and pain of receiving memories.The reason I only gave this book four stars instead of five was because of a weird and creepy ritual. You'll figure out what it is.If you're getting bored of normal fiction books, I would suggest to read The Giver.
