REVIEW OF INDUSTRIAL ENGINEERING PRODUCTION MANAGEMENT MART TELSANG

- An outstanding book that I read this year was Great Expectations. This was a wonderful classic written by the magnificent author Charles Dickens. Charles Dickens wrote a book that truly captivated the power of human love. He showed us that life can be very difficult, and you have to work very hard in order for you to succeed. In the beginning of the book, a character named Pip lived on a forge near some marshes in England. His family was generally poor. He lived with his older sister and her husband named Joe. Joe was a fairly poor blacksmith. One day, Pip was walking on the marshes. Suddenly, a strange man came up to Pip and threatened him. The strange man was a convict who was put to die on the marshes. He was handcuffed and chained. He told Pip that he would kill him if he didn't bring him a steel file and something to eat. Pip then ran back to the forge and brought the convict a steel file and some food. This vivid occurrence haunted Pip for the rest of his life. After the incident on the marshes, Pip met a lady named Miss Havesham. Miss Havesham was a very weird lady. She always wore her wedding dress in her house. She never left her house. Miss Havesham had a very beautiful adopted daughter named Estella. She was an arrogant woman. While looking at her, Pip fell in love with Estella. One day, a mysterious man came to Joe's forge. This man was sent by a secret benefactor who was residing in London. The man didn't give his name. He told Pip and Joe that someone in London was requesting him. The secret benefactor wanted Pip to come to London so that he could become a gentleman. Pip was very excited when he heard that he could work in London. Pip and Joe agreed upon the proposal. Later in that same week, Pip left Joe's forge to travel to London. There he could be a gentleman with a bright and bold future. While in London, Pip encountered many strange mysteries. Pip finally met his secret benefactor. Read the book to find out who the secret benefactor was... Overall, Great Expectations was an outstanding

book. It really captivated the vast stretches of life. Great Expectations really made me feel quite sad. I felt very sorry for Pip. He had a very difficult life. He had change his personality forever once he became a gentleman. I would recommend this book to anybody who enjoys reading classics. I have read other excellent books by the wonderful author Charles Dickens. I have read Oliver Twist and

The Christmas Carol. They were also excellent books.

- Reading Dickens is a magical experience. Once you start reading, you are completely drawn into the world he is creating. Marvelous story teller, incredible writer, fascinating characters. Great Expectations is a great book, by a master of the craft.
