**REVIEW OF
ADVANCED**

ACCOUNTING CHAPTER 2 SOLUTIONS

- (although I am sure everyone knows by now what's happening in the book, I still won't go into detail, as it might spoil the fun!) I have read and re-read all four books in different editions and languages and I am still not tired! Realizing that there is light at the end of the tunnel (long wait for the fifth book), I started reading the whole series, yet again, to refresh my memory and be ready to dive into the Shelters of Stone. The first installment is simply breathtakingly

captivating. Although this was not my first reading, I was still very moved and lived Ayla's hopes and fears and struggle to be accepted by the Clan. Fascinating details about the life and rituals of the Clan, their beliefs and values are told through this gripping pre-historic thriller. The whole series is a definite must for every shelf. I can't sit still waiting for the Shelters of Stone!

- I really like the audio books because it helps me understand the way the that the book was supposed to sound and understand how the words are supposed to be read aloud.
