## REVIEW OF YANMAR L100 ENGINE SPECS PEORIAORE

- On the basis of the first review above, and a letter from Amazon, I bought this book thinking it had a cd version of the test. Mine, at least, did not have any software. I live overseas and am stuck with it (it took a month to arrive) but don't buy this book if you are looking for practice. They also have a few details wrong about how the test operates (exiting the section does not cancel your score)

- Marius is pulled back and forth between his father being a heretic and his brother supposedly a werewolf he tries to help them both but loses one to the law.
