REVIEW OF SERVICE MANUAL AUDI A4 AVANT IPFORM

- I choose this book, after reading all the 5-Star reviews. Wow, what a disappointment. I realized if a book has high ratings I most likely will NOT like the book. I need to stop reading reviews! Nothing

special about this book. Some parts were funny but it goes on and on....

- Usually knowing that a book is by Diane Carey is knowing that I'll really enjoy it. However, I was unable to finish this book. I tried and gave up halfway through. I found the alien culture confusing, and I did not care for the "Starfleet" characters. I had started in on the New Earth series and gave up on them. They do not interest me at all. I will not read any more New Earth/Challenger books.
