REVIEW OF PARKER SMITH ELECTRICAL ENGINEERING

- This book was an invaluable resource when I was studying for the BCRAN. It contained all the information needed to allow me to pass the test the first time with an 857. I still use it as resource material at the office. Buy it!
- This is awesome, up to date and fits in your purse! I have been asked to help interpret songs for the teenage group at our church. This has been invaluable. Highly recommended! It is also good for conversation. Sometimes you are grappling for a certain sign that you don't use that often, this is an great resource to pull out of your purse/pocket to use.
