## **REVIEW OF PRINCIPLES OF FINANCIAL ACCOUNTING 8TH EDITION CUSTOM EDITION FOR**

## **HILLSBOROUGH COMMUNITY COLLEGE**

- I am truly amazed at how one novel can stir up so many emotions from its readers. Nathaniel Hawthorne's The Scarlet Letter emphasizes the cruelty that people are capable of treating against others. He also demonstrates the toll that guilt has on people, restricting themselves from performing daily tasks in fear that they have to acknowledge their wrongdoings. Although I am very intrigued and captivated by the plot of the story, I found his writing style to be too descriptive and elongated for my liking. An important scenario that happens within fifty pages could be cut down to ten, but he tends to describe about every single detail possible, which

irked me at times. Hawthorne's focus on such minute details may appeal to other readers, but it certainly did not have a positive effect on me. On the contrary, I applaud his utilization of allusions to the bible throughout the book. By encompassing the biblical allusions, he heightens the effects of certain actions such as Little Pearl's repetitive questionings towards her mother. The reader begins to fear Pearl, although she is only a child, because of her close resemblance to the devil. These allusions also enhance Hawthorne's development of the characters. Hawthorne really did do a thorough job of exposing the strengths and weaknesses of his characters to relate to his audience. Because the readers are aware of how a certain character acts,

they are capable of recognizing the significance for Hawthorne to portray the character in a different light. Although the readers may have to put up with the extensiveness of the novel, I recommend this novel to anyone that is willing to take the extra time and effort to fully understand Hawthorne's themes, which are cleverly entwined within the novel; it is futile to toil through the lengthened plot without delving deeper into the text to comprehend its meaning. Reading the book the first time, I honestly believed that it was a decent novel despite the many complaints and criticisms that others gave me; but after I analyzed the novel myself for some considerable time, I almost considered it a classic tale of all time, with its many symbols, themes, and other literary elements that were

hidden among the text that all lead to the Hawthorne's ingenuity at the very end, if I had not been reminded of his unnecessary tedious style. This should not hinder anyone from picking up the novel and reading it though because, in actuality, it really is an amazing piece.

- Bright Greetings, When I first got this book I thought it was great, but upon a closer look I realized Mr. Beryl made quite a few omissions and mistakes regarding herbs and their usage. Prime example: page #250, Milkweed (*Apocynum Androsaemilfolium*). He suggested laying a stalk of this weed in a baby's arms at Wiccanings. If he had researched this herb in depth he would

have known this is a VERY dangerous suggestion to make to the general public. (not everyone is a rocket scientist, or possesses good reasoning ability, and some might just follow his advice without precautions) This plant is a member of the TOXIC Digitalis family and could be lethal if ingested by a small one! He even went as far as to suggest using the juice of the plant as well. In my humble opinion as an old wildcrafter-buy the book, BUT..double check things if there is any suggestion of using the plant with small children or of ingesting it. (I also found errors in his nomenclature (wrong Latin name for some plants, etc.) May Your Path Be Blessed, ...
