REVIEW OF THINGS FALL APART STUDY GUIDE ANSWERS 11 13

- This book has everything! Romance, intrigue, deceit, Religious persicution, War... with a discription and belief in honor, love and

God that parallel my own beliefs. This book has been a multiple read for me and I will probably read it many, Many more times.

- I am just starting the study of Mandarin Chinese with traditional characters. I just wish to emphasize what a previous reviewer correctly said: this dictionary is based on simplified characters, as used in mainland China and Singapore. The radical and character index tables list the characters according to the number of strokes in the simplified character forms. The traditional characters are listed in each entry, but it is not easy to find them if you don't know the pinyin pronunciation or the simplified form. The radical table also has cross-reference entries for the traditional forms of the radicals, but this only helps a little. The

other version of this dictionary, Xinhua Dictionary with English Translation, published by Commercial Press, Hong Kong, ISBN 9620702530, is almost the same product, but based on traditional characters, as used in Taiwan, Hong Kong, and many expatriate communities. Its radical and character index tables list the characters by the number of strokes in the traditional character, with the simplified character listed in the entry if there is one. The radical table in this version has cross-reference entries for the simplified forms of the radicals. And as the previous reviewer said, this version has nicer printing and binding. I purchased both, but you may not need both, depending on your own requirements.
