Thank you for picking our system for your PDF downloads. We

look forward to supplying you with outstanding solution and varied options for many years to find.

REVIEW OF NEUROLOGY 1 GENERAL SURGERY 4 OB GYN 5 INTEGRATED

- Writing That Works is a practical guide to effective business writing. Best of all, the writers practice what they preach: the book is packed with useful advice, yet it's a surprisingly quick read.

- The Idiot is one of the finest novels in history, perhaps the finest. In this novel, the enigma that is often referred to as "THE RUSSIAN SOUL" is variously dissected through the different characters and more so by the hero of the story Prince Myshkin. In its simplest explanation, it is a soul with good intentions but faulty in executing the intentions. It is a soul in conflict, driven by the zest for life and a search of its meaning. Certainly the most Christian of Dostoyevsky's novels, THE IDIOT portrays how disastrous a good life can be. Rich in characters, this classic centers mostly on the good Prince Myshkin, a recovering epileptic with a rich soul who is easily perceived as an 'idiot' by the casual observer who focuses on his child-like manners especially in expressing himself and his naivety in dealing with people. But then a closer look reveals that his manners are the reflections of his honest soul, the wealth of his big heart and the broadness of his mind. And only in deeper engagements does it become evident that Myshkin however has superior understanding and expression, which makes him modest and intelligent rather than stupid. His simple, honest and decent life is succinctly conveyed

in his interactions, generating both love and resentment. The saintly Myshkin however struggles to deal with a materialistic world which has no place for the virtuous, and to reconcile his passionate and compassionate love for two women. But the love of the women corrupt and drives men out of their minds. Nastasia Filipovna whom Myshkin has compassionate love for is a tormented soul that can only love Christ and in Myshkin she found that Christ-like figure. Her rival Aglia has Myshkin's heart but failed to understand Myshkin's serene love for her and abandons him to the destructive love of Nastasia. This is great intellectual work that we should take seriously in general, a book to read with a serious mindset. Then you will understand

the unique nature of Russia which our western minds have difficulties to comprehend. This strange land called Russia that has a bigger soul than any other is explored here in this story in a way that only Dostoyevsky unveils. Read it and you will finish it enriched. The Idiot is a thoroughly enjoyable novel of ideas that explores the nature of man and society and gives you a better idea of man and his actions. You shouldn't find it strange that the characters are philosophical, impulsive, introspective, energetic, colorful, and extreme in their passions. That is Russia, a land of extremes. This book is likely to impact you. It is one of the few of our times. The Idiot, The Union Moujik, War and Peace, The Master and the Margarita and the stories that made me to fall in love with Russian literature.
