REVIEW OF CHAPTERS 1 6 MIDTERM MASTERY TEST

- This System tackles an interesting challenge. How can you pick up a girl, have sex with her, yet do it in a respectful way. I like this book because it's the only pick up book that I've read that actually shows you both sides of the coin. Women are not featured as targets or victims. They are featured as powerful and intellectual individuals who are capable of making decisions about their own sexuality. At some points of the book I was surprised at Valentine's candid approach. It's the only pick up book that I've read where the author said "I never lie to

women! There's never a reason to. When you lie, you have put the burden of the relationship and her feelings and her life on your back. Don't lie, tell her the truth."In many ways, this book goes way beyond pick up techniques and teaches the psychology of interpersonal relationship between men and women. Men are advised and taught how to understand "the mental game" before even trying to approach a woman. I also found the body language approach to be compelling. We all know that 80% to 90% of all human communication happens non-verbally (body language). From the initial eye contact to sleeping with a woman to follow up (believe it or not

Valentine discourages one-night-stands), the author shows how to read every move a woman makes so you are always at least one step ahead of her. He expresses that the ability to read women body language gives you the power to determine if and when you would like to take her home. The book also discourages "pick up lines". It actually teaches us how seduce women by establishing a connection with them verbally. It teaches you how to have conversations with women that will make you more interesting to her. Any communication or psychology professional will recognize the theory of 100% communication in this book. Non-verbal + verbal =

100% communication. The book teaches how to achieve this level of connection and how to use it to have sexual relationships with women. The book is only 208 pages and at the end you have a feeling of wanting more. After reading it (less than 2 hrs) I felt like I had just crammed a human relationship class, a sex 101 class, a sociology class, a psychology class, a male and female sexuality class, and a communications class. I felt like I understood how all these schools of knowledge interact together (I was a good student but I think I missed the link

between all these things while in college). I recommend this book highly to both men and women. I think it has essential information for single men trying to meet someone. I think it's also critical for women who would like a better understanding of themselves in a social environment and in relationships. I think this book is a MUST BUY!!!

- This is a classic esoteric book. Well worth reading. You have to be interested in what is going on behind the material world. Not superficial reading.
