So, what are you waiting on? Beginning your analysis experience today with digital Analysing Womens Talk And Gossip Between Two Female Friends publication downloads. With numerous titles and styles to pick from, the opportunities are countless. Delighted reading!

REVIEW OF ANALYSING WOMENS TALK AND GOSSIP BETWEEN TWO FEMALE

FRIENDS

- I have read all of Austen's novels except Northanger Abbey, and I found this one to be in the top three, along with EMMA and PRIDE AND PREJUDICE (my personal favorite). This book is very unique compared to her other masterpieces. Let's begin with a summary. Anne Elliot fears life as an "old maid" as she reaches the age where most women during the pre-Victorian era are supposed to be married. She regrets not marrying the one man she truly loved, Captain Wentworth. At the time, he was not considered suitable. Now almost seven years later, Wentworth returns, having made his fortune and is now considered a fair prospect. Now every girl is fawning over the strong, sea

worn Captain Wentworth. Emotions Anne thought she could never feel again overpower her. Despite her attempts to control her emotions, she realizes that there is no man she could even consider marrying over him. The question now is does he feel the same way? This is a page turning novel that you just keep reading wondering if Anne and Wentworth will ever get it together. I found this novel so different in a good way for many reasons. First, there really isn't any fair leading lady or dashing young man. Anne Elliot, I believe, is Austen's most realistic character. Don't get me wrong EMMA and PRIDE AND PREJUDICE fans, I love Emma and Elizabeth and admire them for all their characteristics. However, I find myself wishing I was them rather than relating

to them. I loved how Anne was quiet, but beautiful and witty at the same time. She also is very proper and doesn't really know how to compose herself in front of the man she loves. She is too influenced by what other people think, like many of us. I personally loved reading about a character who I myself can relate to in many ways. Yes, Anne is flawed but she's real. Second is the eternal question that haunts us all when crossed in love....does he feel the same way? Austen was an early psychologist of her time and really understands human behavior. I loved how Anne (and Wentworth as we find out in the end) really is fearful of getting hurt and really doesn't know what to do with herself. It's just so real and life like and I guess she gets lucky because of the ticking clock

with Wentworth, but I believe it provided hope for those during Austen's time and now who are faced with the same problem. I loved how Austen wrote about this which I think really kept me reading the book. Well, I could spend all day talking about this book, but basically I'm

saying read it, it's not quite as long and detailed as Austen's other works but strong at the same time. Enjoy!

- Jane Austin has been one of the best reads I have had the pleasure of reading, was easy to put myself into the time and place of this wonderful book
