REVIEW OF SITTON SPELLING 5TH GRADE ANSWERS

- I had high hopes of learning something and being entertained, but it's a complete waste of time. It's a cheeky rant on everything from SUV driving, \$4 latte drinking bobos to joe six packs living paycheck to paycheck. There are no financial rules of thumb or tips on where to find them. There are also no great quotes from the likes of Ben Franklin, Samuel Clemens, or even 'The Donald'. It's just a rant from another north-easterner who is set for life, thinks they have a right to be published, and is rubbing it in to the rest of us.**Try "The random walk guide to investing : ten rules for financial success" by Burton G. Malkiell'ts a very accessible and to the point short version of his thick version..

- I got this book today and I opened it and I couldent stop reading it, I read it today from front to back and now I am so amazed by this book that I am writing a review in the same day that I got the book in the mail, read it and now I am writing this in the same day! We are brought up to beleive these things about women which are simply not true! If we take the time out to understand women and look at them from a scientific realistic perspective which is not through society or religion, then we see the truth about women. Once we understand women and our role, we understand God. The truth about women in today's religous eyes is looked at as terrible, but the truth is the truth, if we dont understand women then how can we understand God, A man that calls this science foolish and devilish is a liveing breathing walking devil. A man who understands women is wise, look at king Soloman he understood women and he was called the wisest king ever.
