REVIEW OF CTA SYLLABUS 2015 TAX

- treasure island, By Robert Louis Stevenson, is an island filled with gold.

The main settings are in Great Brittan, the ocean, and Treasure Island. The time period is in the 1700's. The main characters are Jim Hawkins, John Trelawny, and Long John Silvers. The major conflict is when Long John Silvers plans a mutinty against John Trelawny. one of the many parts of rising action is when the Hispaniola set sail from Bristol. The climax is when they found the treasure. This book was very believable. Treasure island was very descriptive in its writing. The characters are very well developed. All characters stars out friendly untill you get to read more about them. long john silvers was a really nice guy untill jim overheard him talking about planningg a mutiny. 'Captain Smollett as he refuses to negotiate with Silver. "But one man of her crew alive. What put to sea with seventy-five." The theme of the book is the theme is don't trust anybody with a certain task. Things can change ina heartbeat. I did not really enjoy the book but i would recomend it to certain people.

- I compared this large-format abridged edition (retelling by Timothy Mies, original Wyeth illustrations) to another large-format abridged edition, A Young Reader's Edition of the Classic Adventure, published by Running Press in 2002 (retelling by Steven Zorn, original Wyeth illustrations) and I chose this one. For storytelling I preferred the Zorn version in the other edition because the language was a bit more salty and closer to the flavor of the original, although the Mies retelling in this edition is perfectly acceptable. When it came to the illustrations, however, the quality of reproduction in this edition outshined the other to such a degree that this edition won out. The Wyeth illustrations

in this edition are simply electric -- large, colorful and very crisp, while in the other edition the same illustrations are dark and blurry.
