REVIEW OF YOGA THE SPIRIT AND PRACTICE OF MOVING INTO STILLNESS ERICH SCHIFFMANN

- This book was wonderfully written, and lets your imagination take over, to create your own preception of Offred's future. However, the end leaves you unclear and with questions.....very very powerful reading. Could it be a warning?

- I enjoyed this book. It could be deeply thought provoking or just a great story. I simply liked the "what could happen if..." prospective."Offred" tells the tale of many characters and how they find their way. It shows everyone has their unhappiness in life, but there are slices of happiness too.Set in current times it has the feel of history....and maybe that's what swept me in.
