REVIEW OF FIREFIGHTER 1 ESSENTIALS OF FIREFIGHTING 5TH EDITION

- Quite a well thought out book to take around with you. BUT... limited use to me as there are no Southern Hemisphere maps or details (even the Southern Cross is absent). Would not have purchased it had I realised. At least it was cheap!

- This a review of the free Kindle version. It's short, just over 2,000 locations, and gives a lot of detail about Franklin's early life in his own words. It's an interesting period piece, and shows a lot of the culture of the time. The story about the girl he thought about marrying, and the request that her family get a mortgage on their house so they could pay him 100 pounds to marry her is fascinating. The main issue for me is that it is incomplete. Would have liked to see this finished, and not stopped at 1757. You would have thought he would have finished this. Still, worth a look for any student of history.
