REVIEW OF 8815009450 IT29

- I have never used an Apple and I never will! That said Steve Wozniak contribution to the world cannot be overstated. The author has put together a simple, informative and easy to read book on Mr Wozniak. She chronicles his exploits from early childhood up until the current day. Yes, there is plenty of Apple info and history for those diehard fans. What grabbed me most was the man behind the story. You can't help but love the guy. As well as being a genius

he emerges as truly great human being with all the best qualities that we can aspire to as individuals (among which I rank warmth, generosity, kindness, consideration and caring). I liked this book so much I bought

3 copies, one for each of my kids. Woz, I thank you. Andy Westphal

- Loved it so much that I have to get a new one. Mine is falling apart because I read it so often. Keep up the good work Phil! - Starbuck
