## **REVIEW OF LINUX DESKTOP HACKS TIPS TOOLS FOR CUSTOMIZING AND OPTIMIZING YOUR OS**

- Out of all of the really bad and misinformed anti-Catholic books out there, this has to be one of the worst researched, worst presented books ever ... one of the most dishonest, unintellectual books out there. If you read "Catholicism vs. Fundamentalism" by: Karl Keating to obtain the REAL beliefs and teachings of the Catholic

Church, and then you read this, you will realize that this book doesn't present Catholicism fairly, honestly or correctly...in the least! Not even close. This has to be one of the worst books, right on par with Fundamentalists like Jack Chick and Dave Hunt. Trust me, this book will not, in any way, help you to understand what the Catholic Church truly believes at all. It's only success, besides consistently lacking footnotes, is to MIS-represent the Catholic faith with straw man arguments. If you really want to know what the Catholic Church teaches read:

1. "Catholicism and Fundamentalism," by Karl Keating
2. "Surprised by Truth," By: Patrick Madrid
3. "Pope Fiction," by Prtick Madrid
4. "What Catholics Really Believe," By Karl Keating (Answering

52 Misconceptions about the Catholic Church)5. "The Catholic Answer Book" (4 books in set - All are great), By Peter M. J. Stravinskis And many others...

- David Moody has become one of those authors who I can't get enough of. The third book in his Autumn series is no exception. It picks up with the Survivors safely inside an army bunker but of course, that doesn't last. After finding

out there is another group of survivors and they are clearing an island so they can live without fear of the dead they make a break for it to join them in their efforts. I try my best not to give spoilers in my reviews so I'll just say the last 50 pages had my heart in my throat the whole time. The only downside, two months until Autumn: Disintegration is released!
