REVIEW OF GENDER DYNAMICS IN RICE FARMING HOUSEHOLDS IN VIETNAM A

• This Othello is unbelievably beautiful. Disconnecting oneself from The Operative and Obi-Wan Kenobi, and concentrating only on the voices of the fabulous Chiwetel Ejiofor and Ewan MacGregor, one gets a truly immersive experience into the world of jealousy, racism, betrayal, and true love that Shakespeare must originally have intended. I have to not-so-respectfully disagree with the previous reviewer; this recording is layered, clear, and absolutely pulsating with passion and tension.It's worth every penny, and I say that as a fan of audiobooks in general and Shakespeare in particular. I'll be listening to this for years; Kenneth Branagh and Lawrence Fishburne--eat your hearts out!

- The product came on time and in a great condition.Also a great price.
