### **REVIEW OF BEGINNERS TO RC ELECTRIC CARS THE MODELERS WORLD SERIES**

• Young Jim was probably never meant for the sea. As described by Joseph Conrad, the title character of "Lord Jim" had no real love for ocean voyage or relish for adventure except when it was inside his own head. His "dreams and the success of his imaginary achievements" were "the best parts of life, its secret truth, its hidden reality." His passage to the Far East was destined to prove a ticket to failure, and so it was, when he abandoned a foundering vessel filled with pilgrims to save himself. Now his shame is the stuff of conversation in every roadstead and harbor between India and Australia. Can the chastened dreamer manage to recover his lost sense of honor in a distant land where no white man will come to tell of his past mistake? "Lord Jim" may be set in the Pacific, but its ideas are universal, as Conrad takes on the contradictions behind the Western concepts of honor and bravery. Published in 1900, the novel feels like the start of the modern literary era in both its loose, ambling structure and its questioning of the base convictions of right and wrong still girding society today. "Lord Jim" hasn't lost much of anything in the 105 years since it was published. If anything, it's more relevant than ever. Who is Jim? Is he a hero, a coward, or a victim? Is he all three? Part of the problem pegging him is the fact the fellow doing most of the talking about him, cagey Marlow the narrator, doesn't seem too sure himself. That ambiguity is another way in which the novel is modern. At one point Marlow even seems to suggest Jim is no more than a figment of his imagination. "He existed for me, and after all it is only through me that he exists for you," he tells his anonymous group of listeners at one point. It's interesting Marlow is only identified by his last name and Jim by his first. Are they two halves of the same person? While playing with the metaphysics of identity and of right and wrong make "Lord Jim" vital and important, Conrad's deep engagement in humanity's many odd and nasty facets makes it fun. He creates a myriad of secondary characters inhabiting the backwaters of the West Indies, of varying moral shadings, finding amusement in even the cruelest. One singular nogooodnik tells Marlow he wants the disgraced Jim to work for him on a barren island harvesting guano. It's not much of an offer, he knows, but there is one benefit: "Anyhow, I could guarantee the island wouldn't sink under him - and I believe he is a bit particular on that point." "Lord Jim" is a great book not for its message so much as its lived-in depth, a sense we are really there on Marlow's steamy veranduh amid casuarina trees or aboard a creaking brigantine sailing placid under a crepuscular sky. Conrad really engages you as a reader, and while he plays with the narrative structure, and allows the story to drift quite a bit, often frustrating me and other readers at least the first time through, the book remains engaging and illustrative about both its theme and subject. Dark? Yes, but not oppressively so. In a way, Conrad is taking a humanistic approach to a nihilistic question, asking what good notions of honor and glory really do mankind when most of us aren't fated to join life's immortals. Do we have the right to expect more of ourselves than life itself allows? At one point, when a minor character obsessed with his sense of honor kills himself, Conrad asks a burning question worth keeping in mind: "Who can tell what flattering he had induced himself to take of his own suicide?"

• This is my book that I read, re-read, and sometimes memorize passages from--and since it is my favorite book, I've noticed how often quotes from it appear in a botanical garden, along a desert trail, or in another author's work. It is eloquent and timeless. It tells of a man's thoughts as he journeys in a military plane over

hostile territory during war when flying was a new adventure. His writing captures the beauty of the desert, his thoughts alone at night, and his anticipation for another day of flight. He shares with us the essence of his life.
