REVIEW OF BENTLEY REPAIR MANUAL BMW E30

- My mother read both of these books to me when I was about six years old. They were a wonderful way to explore where imagination could take you. I highly recommend these to anyone!
- The book arrived as promised. I was surprised how short the stories were, having chosen to read this book after reading the Twilight series. I haven't read the added features, just the Advenures and Looking-Glass stories, so I cannot comment on their content. The illustrations were very nice. My only complaint was that the printed text was poorly spaced on the page, the inner edges being close to the center of the book, making it somewhat uncomfortable to read.
