REVIEW OF LAST ANATOMY 9TH EDITION MCMINN PDF PDF

- This book was exactly as advertised and I'm very pleased with its condition. It came in a very timely manner so that I could send it on to my Mother for her birthday. The free shipping was a real plus given today's rates. I will definitely go to Amazon and this vendor in the future. I am always looking for out-of-print books.

- A very readable book, with great insight into Price, the man behind the monsters. Nice details about his family (would you believe his grandfather invented baking powder? Get away!). The book pulls no punches, showing Price at his best (doing charity work, promoting art) and his worse (his comments to Robert Quarry on the set of Madhouse took me by surprise, I didn't think he knew words like that). If you're a Vincent Price fan, don't hesitate. Buy and read the book, now! Nice pictures as well.
