## REVIEW OF FLASH ON ENGLISH ELEMENTARY WORKBOOK

- Of the 20+ books I've read over the last year, this is one of the scariest. I highly recommend this book, a must read.
- A non-fiction that reads like a novel! I first read a library copy in 2006, and was frightened that the religious right would drive our country to ruin. I reread my Amazon copy (after Obama's election), and am now hopeful, but the messages of "American Theocracy" are now more important than ever. Book accurately describes our current (2008) problems with the bailout of our financial system, and dilemma with with the possible failure of the big three automobile makers. "American Theocracy" provides a compelling and credible historic case for the demise of our country.
