While Kathy was making phone calls and sending photos of the tattoo to several tattoo parlors, I went through my father's cold case logs. When I read the autopsy report from one of the cases, I knew I had a related case. I let Kathy read the report. "What do you think?" I asked. "It's the same MO as your Jane Doe. The victim was a Native American girl, seventeen to nineteen years of age with a new heart-shaped tattoo. The ink was household enamel. The killer thinned it down with turpentine. The killer used bleach to destroy any DNA evidence and killed her by pouring bleach down her throat. An incision to the wrist drained her blood. No sign of a struggle due to morphine. I'd say you have a serial killer."

## REVIEW OF BOOK DIARY OF A WIMPY KID OLD SCHOOL PDF EPUB MOBI

- When picking up the Devil's Highway by Luis Alberto Urrea, be forewarned: this is not the story of 26 men who walked into the desert and fought futilely against death that it is made out to be - it is a ramble about illegal immigrants and the Arizona desert which just happens to contain a section about the Yuma 14/Wellton 26 and their disastrous encounter with the Devil's Highway area of that desert. Many of the 26 men walking across the desert - the supposed main characters - are not introduced by name and backstory until seven-page-long Chapter 11 - more than halfway through the book. Some of the characters don't even get that much - some merit only a single reference at their death. One comes away at the end feeling as one knows more about the recruiter Don Moi, Mendez the Coyote guide, and definitely Rita Vargas, the Mexican consulate agent who oversaw the aftermath (why does so much concentrate on her in particular, one has to wonder?) than 90% of the actual walkers. The walkers' real story doesn't even seem to begin until Part Three of the book's four sections - maybe the end of Part Two. Up to that point (and even past it) the book's narrative seems to leap aimlessly around and spends pages upon pages of its own aimless wandering in the desert - entire passages are taken up by such irrelevant (and some just downright weird) topics and stories as folkloric creatures and spirits said to reside in the Mexican desert, Mexican rap, religion in Sonoita, campers dying in the desert, the medical benefits of urine, statistics, and the shooting of a Border Patrol. The narrative seems to spend an excessive amount of time on things that leave the reader asking "And the relevance to the story was...?" Even a riveting passage about the stages of hyperthermia seemed out of place jammed in the middle of the Wellton 26's walk and between

three pages of relating other terrible but unrelated desert deaths and, "And the men headed deeper into the desert." In addition, at least twenty pages at the end of the book, after the end of the survivors' story, is dedicated to touting numbers on illegal immigrants immediately after Urrea claims that the situation isn't a game of numbers but a story of the heart. Sections of the story, in brief, have other things jammed into and in between them and lose their power even when written well, such as in the excessive but powerful descriptions of the desert. Quotes, too, are thrust in without adequate lead-ins and some even without relevance. The result is a story that is padded with irrelevant sidetracks and, even worse, has very little if any flow, leaving it confusing and certainly not clear-cut or efficient; the majority of it should make any sensible editor (or reader) cringe at the hack-job. In addition, the book seems to attempt to hide a bias at first, but it inevitably leaks through. Although considerable poking at gringos and American "Yanquis" (Yankees) is to be expected, one section states: "White Europeans conceived of and launched [immigration northward] just as white Europeans inhabiting the United States today bemoan it." Urrea has seemingly forgotten that most Mexicans are as much Europeans through Spanish conquistador blood as

Americans are European. In addition, minute racial prods can be found at Arabs, Salvadorans, Native Americans, the Chinese, and at one point an African American is referred to as "exotic." A bias especially comes through in the treatment of Border Patrol agents. Although in the afterword Urrea says that he wanted to introduce, "The Border Patrol agent - a law enforcement officer who is disrespected and demeaned" he still seems to blame them, and throughout the book, the Border Patrol is referred to as "la Pinche Migra" - the damned Border Patrol - and once even as "Trailer Trash." Urrea seems to echo an opinion quoted in the book, "America was to blame!" and his bias becomes evident.

- Guess what! This is a great book! JUST KIDDING! It's HORRIBLE! IT IS BY FAR THE WORST BOOK I HAVE READ IN MY ENTIRE LIFE! I would never, ever, ever, ever buy this book. NEVER! Oh, did I mention how bad the writing is? The writing is HORRIBLE! IT IS THE WORST WRITING THAT I HAVE READ IN MY ENTIRE LIFE! If you are bored enough to read this book, you have way too much free time and don't deserve to have the money that it costs to buy it. I really don't know why everyone says that Shakespeare is such a great writer. He isn't.
