Essential Elements for Guitar, Book 1 (Music Instruction) Flatiron Books

This volume, edited by William Hammerstein, encompasses lyrics from Oscar Hammerstein's entire canon; from the early "Indian Love Call" written in 1924 with Otto Harbach and Rudolph Friml, to his final song, "Edelweiss," written with his long-time collaborator Richard Rodgers in 1959. Oscar Hammerstein's introduction, Notes on Lyrics, has been an acknowledged classic text for musical theatre enthusiasts since 1949 and remains a definitive work today. To say Oscar Hammerstein II made a significant contribution to the art of lyric-writing is understating the case. He, with his lyrics, and his collaborators, with their music, reweave the fabric of the musical theatre for all time.

By the #1 New York Times bestselling author of Killers of the Flower Moon, a powerful true story of adventure and obsession in the Antarctic, lavishly illustrated with color photographs Henry Worsley was a devoted husband and father and a decorated British special forces officer who believed in honor and sacrifice. He was also a man obsessed. He spent his life idolizing Ernest Shackleton, the nineteenth-century polar explorer, who tried to become the first person to reach the South Pole, and later sought to cross Antarctica on foot. Shackleton never completed his journeys, but he repeatedly rescued his men from certain death, and emerged as one of the greatest leaders in history. Worsley felt an overpowering connection to those expeditions. He was related to one of Shackleton's men, Frank Worsley, and spent a fortune collecting artifacts from their epic treks across the continent. He modeled his military command on Shackleton's legendary skills and was determined to measure his own powers of endurance against them. He would succeed where Shackleton had failed, in the most brutal landscape in the world. In 2008, Worsley set out across Antarctica with two other descendants of Shackleton's crew, battling the freezing, desolate landscape, life-threatening physical exhaustion, and hidden crevasses. Yet when he returned home he felt compelled to go back. On November 13, 2015, at age 55, Worsley bid farewell to his family and embarked on his most perilous quest: to walk across Antarctica alone. David Grann tells Worsley's remarkable story with the intensity and power that have led him to be called "simply the best narrative nonfiction writer working today." Illustrated with more than fifty stunning photographs from Worsley's and Shackleton's journeys, The White Darkness is both a gorgeous keepsake volume and a spellbinding story of courage, love, and a man pushing himself to the extremes of human capacity.

The #1 New York Times Bestseller: "A hilarious take on that age-old problem: getting the beloved child to go to sleep" (NPR). "Hell no, you can't go to the bathroom. You know where you can go? The f**k to sleep." Go the Fuck to Sleep is a book for parents who live in the real world, where a few snoozing kitties and cutesy rhymes don't always send a toddler sailing blissfully off to dreamland. Profane, affectionate, and radically honest, it captures the familiar—and unspoken—tribulations of putting your little angel down for the night. Read by a host of celebrities, from Samuel L. Jackson to Jennifer Garner, this subversively funny bestselling storybook will not actually put your kids to sleep, but it will leave you laughing so hard you won't care.

REVIEW OF MY FAVORITE THINGS SHEET MUSIC THE SOUND OF MUSIC

- There are only five books that an aspiring classical guitarist need to get.-The first two are Frederick Noad's "Solo guitar playing books one and two".- Books three and four are Matteo Carcassi's"Classical guitar method and 25 Melodious and Progressive Studies for Guitar, Op. 60" (These two should be the Carl Fisher editions only).-The last book that a serious classical guitar player should get is Andres Segovia's "Diatonic Major and Minor Scales".From there on the rest of the sheet music would be performace pieces because after completing these you would be a complete guitarist as far as books are concerned (Ofcourse everyone needs the help of a guitar teacher; unless you are Andres Segovia who was self taught).

- The friend who loaned me this book had this to say:"Harry tries to stuff 55 pounds of (...) in a 5 pound bag."I'm inclined to agree with him. You'll need a scorecard just to keep track of the plethora of characters (some rather poorly-developed to the point of stereotyping). Quite a few scenes seem contrived (e.g., Mr. & Mrs. Larssen...I won't say more), and it feels like Turtledove has opted for quantity over quality, often filling scenes with comments on liquor quality, etc. Turtledove seems to fall back on constantly reiterating how slow the invaders are, philosophically, to the point where I was ready to say "enough already...can we please get on with the story?"I stand by my title. This could have been good.
