**REVIEW OF SUE BARTON STUDENT NURSE SUE BARTON VOLUME 1**

- This is a great book and an easy read. Burrows makes you feel like he is sitting across from you as he discusses the merger, the HP Way, Carly and Walter Hewlett's motivations. He clearly brings recognition to the HP Way and how it made HP a great company, and the dangers involved in destroying HP's identity by merging with Compaq. Why would a company with a suffering PC division want to buy a PC giant that was suffering even more, in a market where consumers have stopped buying PC's? "Two garbage trucks colliding". And yet Burrows gives credence to Carly's abilities and talent and clearly offers both sides of the story. The best part of this book is the general business understanding it offers of mergers gone wrong. This is a prime example and well portrayed.

- Keep em' coming Carl! I believe I've been in a hurricane. The characters are so real and Florida is as you describe it. I think Skink should surface again in another wild adventure in the future. I can't wait for the next one. Great work
