### **REVIEW OF RAVI SHANKAR INDUSTRIAL ENGINEERING AND MANAGEMENT DOWNLOAD**

- I bought this deck because I love the middle ages and it has a very British feel to it. Plus the photos of the cards I saw in the bookstore were very beautiful. The major arcana cards were my

favorites in this deck. My primary issue with the deck is that many of the faces in the minor arcana look aggressive and cold. That disturbed me a little bit and I would often feel a funny vibe when I did readings with them. However, I had no such feelings when working with the Major Arcana because that aggressiveness was not as strong in these pictures. If you are not sure about whether this is the deck for you, find a new age shop or website where you can look at several pictures of the cards to see if you like the overall feel of them. Just make sure that it shows you minor

arcana cards and not just the aces. In general, though, the images are colorful, well drawn and definitely different than what you'd find elsewhere. Because of this uniqueness, the deck is well worth a look.

- This is a book for serious students of the deeply mystical. It is not for everyone. The average fundamentalist Christian is much too low on the spiritual totem pole and too hypnotically programmed to be able to understand it.
